

OpenText Learning On Demand Subscription

Learn when you want and where you want

The OpenText Learning On Demand Subscription provides extensive access to OpenText learning resources across the product suites. It helps OpenText customers and partners learn concepts and best practices through access to training course material and learning paths in a named-user, annual subscription format.

Content included:

- Extensive training course materials for 400+ courses across OpenText suites
- Suggested Learning Paths geared to roles such as Power Users, System Administrators, Developers, etc.
- Hands-on labs: 2x20-hour sessions over a four-week period, with options for extended lab time
- Self-paced end user eLearning for OpenText™ Content Suite in a “Tell Me, Show Me, Let Me Try” format
- Self-paced eLearning for OpenText™ Documentum™
- One OpenText Certification exam attempt included to validate your learning and recognize your achievement

OpenText product course materials include:

- Content Suite
- Process Suite
- SAP® Solutions Suite
- Documentum, Captiva, xPression™, AX-ApplicationXtender, InfoArchive
- Experience Suite: Communications Center Enterprise, Media Management, Web Experience Management
- eDOCS
- Microsoft® Suite: AGA for SharePoint®
- Capture Center

*course materials included for two latest course versions
